Scope Annex - Statement of Applicability Summary

This Statement of Applicability covers all 93 controls of ISO/IEC 27001:2013 Annex A. All controls are applicable except A.5.21 (Managing information security in the ICT supply chain), which is partially excluded for the manual KYC review function performed by VerifyPro Operations (Mauritius) Ltd., and A.7.13 (Equipment maintenance), which is excluded for cloud-hosted infrastructure managed by Microsoft Azure. The internal audit function was vacant from 2024-11-01 to 2025-03-15 and resumed normal cadence thereafter.
